MECHANICAL PERMIT FEES

Mechanical permits (electrical, heating, plumbing, gas, sewer, and water) are based on the system cost. These costs are defined as "The fair market value for labor and material(s) to complete each service".

MECHANICAL PERMIT FEE CALCULATIONS:

For costs less than \$2000, the permit fee shall be \$35.00 + **State of Ohio surcharge (see note below)**.

For costs \$2000 but less than \$100,000, the fee shall be \$35.00 plus 0.7% of the cost in excess of \$2000 + **State of Ohio surcharge (see note below)**.

For costs \$100,000 or more, the fee shall be \$735.00 plus 0.25% of the cost in excess of \$100,000 + **State of Ohio surcharge (see note below)**.

NOTE: In addition to the above City of Dayton permit fees there is a State of Ohio surcharge of 3% on commercial permits and 1% on residential permits. Multiply the City of Dayton fee by .03 for commercial permits or by .01 for residential permits. Water and sewer permits are not subject to the state surcharge fee.

ADDITIONAL FEES:

Investigation Fee: \$25.00 minimum for 1, 2, & 3 residences, \$50.00 minimum all other structures, with a \$500.00 maximum. - An investigation fee is charged when work is performed with out a permit, the regular permit fee will still be due.

Re-inspection Fee: \$50.00 - Where additional inspections or trips are made necessary by incomplete or faulty work, or because of an incorrect address given, or failure of the owner or agent to keep an appointment, or similar reasons, no fee shall be charged for one additional inspection, but a fee of \$50.00 shall be charged for each subsequent additional inspection performed on that project.

Non-sufficient Fund Penalty: \$25.00 - A non-sufficient fund penalty will be charged on all returned checks.
